Miss Evelyn Anderson Becomes Bride Of Mr. Dan Lee

Miss Evelyn Anderson, lovely daughter of Mr. W. D. Anderson and the late Blanch Crawford Anderson, became the bride of Dan Lee of Stillson at a beautiful ceremony performed Saturday afternoon at the home of the bride's parents on College Boulevard. The impressive ring ceremony was performed by Rev. C. M. Colson in the presence of close friends and the families of the popular couple.

Beauty and perfection of detail marked the decorations in the home. The bridal motif of green and white was carried out in the use of white chrysanthemums and fern. The vows were spoken in the living room where the altar was decorated with ferns. An arrangement of five-branched candelabra holding lighted cathedral candles interspersed with white chrysanthemums.

A program of nuptial music was given by Mrs. J. G. Moore, pianist, and Mrs. Earl Ellis of Chattanooga, vocalist.

Immediately preceding the ceremony William Anderson, brother of the bride, lighted the candles in the living room. Misses Carol Anderson and Brumelle Deal lighted the candle in the dining room. The bride entered with her father by whom she was given in marriage. She wore an informal street length frock of duck blue triple sheer with matching accessories. Her corsage was of tall-tan roses and valley lilies.

After the ceremony Mr. and Mrs. W. D. Anderson were hosts at an informal reception. The lace covered table in the dining room held on the center a lovely silver basket of white chrysanthemums placed on a reflector and composed of white mints and individual cakes, coffee and mints were served. Those serving were Misses Blanch Anderson, sister of the bride, Carol Anderson, and Brumelle Deal assisted by Mrs. H. D. Anderson, Mrs. J. G. Moore, Mrs. Leff DeLoach, and Mrs. J. G. Moore.

Miss Zella Mikell and J. Rupert Williams were married Sunday night, December 26 by Dr. John S. Willet, pastor of the Calvary Baptist Temple. Mrs. Williams is the daughter of W. W. Mikell of this county. She is a graduate of Statesboro High School and attended the South Georgia Teachers' College. Mr. and Mrs. Williams will live in Savannah.

TOBACCO GROWERS RECEIVE REFUND ON WAREHOUSEMEN FEES

BULLOCH COUNTY BANK WILL
DISTRIBUTE \$9,024.94 BEGINNING
SATURDAY, JANUARY 15. PAY-
MENT WILL BE MADE IN CASH.

A total of \$9,024.94 will be distributed to 6,068 tobacco growers, beginning tomorrow, January 15 by the Bulloch County Bank, it was announced this week by Mr. S. W. Lewis, president.

Mr. Lewis stated that the Bulloch County Bank was selected to distribute these funds which represents the money which was impounded by the court during a contest of the Georgia Tobacco Warehousemen's Act of 1935 and represents the difference between the rates permitted by the Georgia law and the actual warehouse charges during 1935 and 1936. To assist the farmers in receiving the refund the Bank has agreed to handle the funds.

The Supreme Court ruled the Georgia Act valid and the growers entitled to the refund.

The Bulloch County Bank is adding an extra clerk to its personnel in order to facilitate the handling of these items and Mr. Lewis urges the cooperation of every tobacco grower in carrying out the order of the court as follows: The payments will be made in cash. No tobacco sales receipts will be required. It will be necessary for each tobacco grower who sold tobacco, on the Statesboro market in 1935 and 1936 to identify himself, or if he is not known, at the bank to have some one who is known at the bank to identify him to the bank's satisfaction. The payments must be completed by February 15.

Mr. Lewis added that no payments will amount to 75 percent of the amount of the reports that were filed by the tobacco warehousemen. The other 25 per cent represents all court costs and all expenses of distribution.

The record from which the bank will make the payments is being furnished by the court and will be final. Upon receiving payment the tobacco grower will give the bank a receipt which is furnished by the court.

The committee, in working out plans for the celebration, hope to provide entertainment which will attract all ages. This is a departure from the former "President's Ball," which has been given in past years. The price of the parties is being fixed to attract the greatest number possible.

The parties for the county communities are being worked through the county school superintendents under County School Superintendent, H. P. Womack.

The committee working with Mr. Lewis and Dr. Kennedy are: Allen R. Lanier, H. Z. Smith, H. P. Womack, Mrs. Ernest Brannen, Dr. Hugh Arundel, C. E. Wollett, Mrs. Jack Blitch, Mrs. Cecil Brannen, Mrs. Bruce Olliff, Mrs. Waldo Floyd, Mrs. N. R. Bennett, Mrs. Walter Aldred, Mrs. R. L. Cone, Mrs. L. M. Morris, Fred W. Hodges, C. E. Cone, Dr. M. S. Pittman, Dr. E. N. Brown, Dr. J. H. Whitehead, Z. S. Henderson, Dr. A. J. Mooney, Gilbert Cone, W. H. Aldred, B. L. Smith and Leodel Coleman.

Production Credit Association To Hold Meeting January 22

ANNUAL MEETING STOCKHOLDERS TO BE HELD IN COURT HOUSE AT 10:30 SATURDAY MORNING, JANUARY 22.

A large attendance is expected at the annual stockholders meeting of the Statesboro Production Credit Association, which will be held on January 22nd, at Statesboro in the Court house at 10:30 according to R. F. Donaldson, secretary of the association, who said that arrangements for the meeting are complete.

The Statesboro Production Credit Association serves Bulloch and Evans counties and furnishes short-term credit for general agricultural purposes to its members. The association now has a membership of 496 and Mr. R. F. Donaldson said that it is hoped that every member will be present at the annual meeting.

Attending the meeting by special invitation of the association will be Mr. Sam J. Overstreet of the Production Credit Corporation of Columbia, who will make a brief address at the conclusion of the business session.

A very interesting program has been arranged for the annual meeting, Mr. Donaldson said and much interest is being manifested by the members.

The officers and directors of the association are: J. E. Hodges, president; W. H. Smith, vice-president; J. E. Hodges, W. H. Smith, Henry H. Durrence, John H. Moore and U. Daniel, directors; and R. F. Donaldson, secretary-treasurer.

It was not long before Gus had built up quite a business. It was then that he built his shaving mug rack. This rack contained about 40 pigeon holes. A number of his customers brought their shaving mugs and brushes from home and Gus assigned a rack for each mug. Others had Gus to order their mugs. In time more than thirty-five mugs stood row on row in neat order, each bearing the name of its owner.

Judge Linton Lanier Presides At His First City Court Session

CITY COURT ADJOURNED TUESDAY AFTER TWO DAY SESSION WITH MANY CIVIL CASES AND NEW CRIMINAL CASES.

The January term of the City Court of Statesboro adjourned Tuesday afternoon after a two day session in which many civil cases and few criminal cases were handled.

Judge Linton Lanier, elected judge of the city court in a special election in December, to succeed Judge Leroy Cowart who resigned to accept the post of chief disbursing officer of the Georgia National Guards, presided at his first session this week.

The criminal docket was called Monday and though many cases were passed up for the term there were a number of convictions. Cases in which there were convictions were: McCoy Aldredge, maiming an ox, \$25.00 or four months; Abraham Lee Brown, larceny from house, \$50.00 or twelve months; Rufus Cole, possessing liquor, \$15.00 or three months; Cody Hendley, operating motor vehicle under the influence of liquor, \$30.00 or six months; Bill Hodges, larceny from house, \$50.00 or six months; Bernie Jones, intoxication on public highway, \$25.00 or four months; and Jim Williams, violating speed limit, \$25.00 or four months.

The January term was a quarterly term and a large number of suits were filed. The court did not announce whether a jury would be called for the February term or not.

Barber Shop Art Glorified On Shaving Mugs

In 1894 Gus Floyd, Statesboro's colored barber, came to Statesboro from Savannah and became one of this city's first barbers. After working for a short while Gus opened up a shop of his own. It was located about where E. C. Oliver Co. now stands. He began with two chairs and two dozen towels. During court week Gus hired an extra barber to take care of the juryman and the people in town while court was in session.

It was not long before Gus had built up quite a business. It was then that he built his shaving mug rack. This rack contained about 40 pigeon holes. A number of his customers brought their shaving mugs and brushes from home and Gus assigned a rack for each mug. Others had Gus to order their mugs. In time more than thirty-five mugs stood row on row in neat order, each bearing the name of its owner.

Now these mugs were works of art. Some were large and heavy. Others were more delicately designed. But they were all characterized by the ornateness belonging to the turn of the century. The owner's name on each mug was in gold leaf in old english characters. The art work on each mug was determined by the owners taste or profession. A merchant's mug might show a store scene; a doctor's mug might indicate its owner's profession by the barbering system each of his customers carried his mug home. Only one remained in his shop.

W. G. Raines' mug is still in Gus' place of business. It belongs to Joe Gus' helper. Some twenty years ago, Gus' customers selected their mugs from a beautifully illustrated catalog picturing mugs of every size and character. The cost of these mugs began from \$2.50 up.

Of the thirty-five mugs which stood in Gus' rack only two can now be found. When Gus changed

FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

There are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built on the same dependable Ford chassis. Both bring you the basic advantages of a V-type 8-cylinder power-plant—smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower. Both new cars are economical to operate. The Standard, with thrifty "60"

engine, costs less to run than any other Ford car ever built. And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low. The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

Blue Mold Train To Be In Statesboro On Friday, January 21

"BLUE MOLD SPECIAL" IS SPONSORED BY EXTENSION SERVICE, THE COASTAL PLAIN EXPERIMENT STATION AND THE G. & F. RAILROAD.

The schedule of the special exhibit train that will operate through South Georgia to demonstrate the new, inexpensive chemical spray to combat blue mold in tobacco beds was announced in Athens this week by Director Agricultural Extension Service Walter S. Brown, of the Georgia Experiment Station.

The "Blue Mold Special" sponsored by the Extension Service, the Coastal Plain Experiment Station, and the Georgia and Florida railroad, will start from Valdosta, where the first demonstration will be given at 1 p. m. Monday, January 17. Other scheduled demonstration stops are:

Moultrie, 10 a. m., Tuesday, January 18.
Adel, 2 p. m., Tuesday, January 18.
Nashville, 9 a. m., Wednesday, January 19.
Douglas, 10 a. m., Thursday, January 20.
Hazlehurst, 2 p. m., Thursday, January 20.
Vidalia, 3 p. m., Thursday, January 20.
Statesboro, 2 p. m., Friday, January 21.

W. E. Arecock, agricultural agent for the Georgia and Florida railroad, will be in charge of a special program at Valdosta, January 17, that will launch the train on its educational mission.

Director S. H. Starr, of the Coastal Plain Experiment station, Extension Director Brown and Dr. J. G. Gaines, the Coastal Plain Experiment station plant pathologist who developed the control formula, are among those who will speak on the Valdosta program.

Doctor Gaines and S. B. Fenne, Extension Service plant pathologist, will conduct the demonstrations at the eight tobacco market towns where the train is scheduled to stop. Other agricultural and railroad officials, including J. P. Belvin, commercial agent for the Georgia and Florida railroad will be aboard the train.

Blue mold is a disease which attacks often killing the entire plant. The leaves of seedlings in plant beds, spray prepared by Doctor Gaines is not a cure but is a preventative measure. It contains red copper oxide, lathane spreader, cottonseed oil and water.

FARM BRIEFS

By WHITNEY THARIN

It's a whole lot cheaper to grow your own work stock in Georgia than it is to buy it, if you have plenty of feed and good pasture.

The County Home Demonstration Council of Mitchell county opened a co-operative growers' market at Camilla last May and since that time more than \$1,600 worth of home-grown products have been sold. More than 150 farm women have sold produce on the market since it opened.

Mrs. W. M. Faircloth, the market manager, said that the best-selling products are poultry and dairy products, fresh and canned vegetables, and cakes and other cooked foods. Miss Ella Foy, county home demonstration agent, the Camilla Federation of Women's Club, the Camilla Lions Club, the American Legion, and local bankers are giving assistance to the project.

Early reports of intentions to plant indicate that at least 17,000 acres in Georgia will be planted to

Auto Drivers Must Apply For License By Saturday Midnight

APPLICATIONS DATED LATER THAN THIS DATE WILL BE CONSIDERED AS "NEW DRIVERS" AND WILL REQUIRE EXAMINATION.

Drivers license application blank posted later than midnight Saturday, January 15th, will be considered as coming from "new drivers" and all new drivers must stand an examination before getting a license to drive in Georgia.

This announcement was made by Commissioner of Public Safety, Phil Brewster, early this week. The Commissioner emphasized that there will be "absolutely no further extension of time. Motorist have had four and a half months in which to get licenses and January 15th is absolutely the last day."

Meanwhile thousands of applications flooded the department box number 1741 and clerks worked overtime to get licenses issued as quickly as possible.

Georgia was the 43rd state to enact a drivers license law and her act is patterned after those of other states. It provides for a minimum fine of \$50.00 or six months in jail for anyone driving a vehicle on the highways of the state without a license. It also provides that anyone driving with another person's license shall be punished to the same extent and that the lender of the license is also subject to the fine and imprisonment.

Licenses cost only fifty cents a year but are bought for a two year period. Application blanks are available at sheriff's offices, filling stations, and other centrally located points in every community. All patrol headquarters and cars have blank licenses and are authorized to accept a license or money for a license in the department's name. All license applications must be mailed to box 1741 Atlanta or taken to room 135 in the state capital.

Commissioner Brewster said there are 2,143 unclaimed licenses in the department that were mailed to addresses given but returned unclaimed. He urged anyone who has waited more than two weeks after sending an application and not received any word to write a letter or postcard to the department giving correct address, license applications are photographed to eliminate chances of mistake in addressing.

A bulletin entitled "The Farm Pork Supply" is now being distributed by the Georgia Agricultural Extension Service. This bulletin, which deals with the killing and curing of pork on the farm, is a revision of an Extension service bulletin published in 1936. The revised bulletin was written by Waldo S. Rice, professor of animal husbandry of the University of Georgia college of Agriculture.

Topics discussed in this publication include selecting animals for slaughter, equipment needed, salting and scraping the hog, chilling, cutting, curing the meat, and smoking cured meat.

Free copies of the bulletin may be obtained at the offices of county agents.

Mr. Rush Burton, the enterprising editor of The Lavonia Times, is plan-

ning to issue a special edition of his weekly newspaper that will contain 21 editorials the paper has carried on the value of soil conservation work. The editorials have attracted wide attention. Mr. Burton received a letter from President Roosevelt congratulating him on the excellence of his work. The special edition is expected to be issued in about six weeks.

On fields which have rusted in the past and where low-potash, complete fertilizers have been used at planting, the North Carolina Experiment station now recommends "top-dressing" cotton with 125 to 150 pounds of kank or 50 to 100 pounds of muriate of potash per acre.

With a 600 pound application of fertilizer, the South Carolina Experiment station found that a 5-10-0 (NPK) fertilizer produced 557 lbs. of seed cotton per acre, a 5-10-5 produced 1,015 pounds, and a 5-10-10 produced 1,243 pounds per acre. In the tests the potash was equally effective at planting or as a top-dressing.

Forty-five years ago, Prof. George Atkinson, an experiment station worker, proved through a long series of experiments that cotton rust was simply potash hunger and at that time he obtained paying results from 6600 pounds of kainit per acre.

For the last twenty years, because of the use of acid-forming fertilizers on already acid soils, much of the available potash in our soils has been washed out and cotton rust has been increasing. Also, our quick-fruiting

varieties of cotton make a very heavy demand on the cotton plant for potash in a very short period of time. The crop must have an abundance of the value of soil conservation work. The editorials have attracted wide attention. Mr. Burton received a letter from President Roosevelt congratulating him on the excellence of his work. The special edition is expected to be issued in about six weeks.

Where cotton rust was prevented, the North Carolina experiment station reported an increase in yield, weight per boll, weight of seed, lint index, fiber strength and in the percentage of strong fibers.

So often we are given a message of remembrance to be taken home to members of the family and yet how seldom do we deliver it. We might even say we met the person but forgot entirely that he wishes to be remembered to anyone in particular. Try to carry these little messages to their destination. It makes everyone glad to know that someone is thinking about him.

"UNCLE BOB" SMITH & FAMILY BELIEVE IN USING PLENTY OF POTASH!

THE SMITH FAMILY of Johnston, Edgefield County, S. C., won prizes five times in nine South Carolina Five-acre Cotton Contests. B. R. ("Uncle Bob") Smith was second in 1926 with a yield of 5,098 pounds of lint on five acres. He was fourth in 1928 with 3,815 pounds, first in 1929 with 5,770 pounds and sixth in 1931 with 5,145 pounds. In 1936, his wife, Mrs. Carrie B. Smith, won first prize with 6,640 pounds of lint on five acres, the largest yield produced in nine contests in which approximately 9,000 farmers entered. The staple length was 1 1/2 inches.

Mrs. Smith's Record-breaking Yield

Speaking of his wife's record-breaking 1936 yield, Uncle Bob said: "Mrs. Smith planted Coker's Cleve-well No. 4 seed and used 1,450 pounds of fertilizer per acre, 300 pounds of which was NV MURIATE OF POTASH. She used some nitrogen as a top-dresser and the remainder of the fertilizer before planting, putting it down in three bands. She sure made me keep a close eye on that patch of cotton. For years I used 6% POTASH in my regular cotton fertilizer, but Clemson College said I was short on potash, so I started using 10% POTASH. I made larger yields and the 10% POTASH completely prevented Rust."

Potash Stops Rust and Starts Profits

Producing good yields of cotton seems to run in the Smith family. Jake Smith, of Johnston, S. C., son of Uncle Bob and Mrs. Smith, says this about his 1937 crop: "I made three bales per acre but didn't pick but two. The boll weevil got the other one. Daddy used a lot of potash so I followed him. Counting all the potash my cotton received, it adds up to 300 pounds of MURIATE OF POTASH per acre. If you were to put this in 500 pounds of fertilizer the potash would be 30%. The old slogan is right—POTASH STOPS RUST."

IT WILL PAY YOU TO USE MORE NV POTASH. SELECT FERTILIZER CONTAINING 8 TO 10% NV POTASH, OR TOP-DRESS WITH NV MURIATE, OR NV KAINIT, OR A NITROGEN-POTASH TOP-DRESSER CONTAINING GENUINE NV POTASH.

IS IT WORTH A NICKLE

Bulloch county has been given a quota of
\$1,300 to raise to be contribute to the Na-
tional Foundation for Fighting Infantile Para-
lysis. The quota has been set to be raised
on January 29, President Roosevelt's birth-
day. If every person in Bulloch county con-
tributed one five-cent piece this quota would
be filled.

The Bulloch county committee for the cele-
bration of the President's Birthday is direct-
ing the campaign in this county. This com-
mittee met this week and have begun plans
for that event.

The money raised during the President's
Birthday Celebration, all over the country,
will all go to the new national foundation,
with the hope and belief that sufficient
funds will be raised to properly endow it and
to assure continuance of its important work
against the dread disease of infantile para-
lysis.

The foundation program has been broadly
decided under four divisions. The first is
concerned with scientific research, with the
hope of discovering preventatives and cure
for the disease which has, so far, proved
one of the most puzzling problems in the his-
tory of medical science.

The second effort of the new foundation
will be by rendering aid to all communities
where the disease appears, with the purpose
of checking its spread before it reaches
epidemic proportions.

Thirdly, the foundation will see that prop-
er treatment and care is provided for all
sufferers from the disease. The fourth pur-
pose is to furnish money to maintain ortho-
pedic centers, hospitals and clinics which are
striving to restore health and strength to
paralyzed victims.

It is estimated that there are today 600-
000 victims of infantile paralysis in the U-
nited States, maimed and crippled in great-
er or less degree, for life. This number is
constantly increasing. It is the belief of
scientists that this increase in the disease
will continue unless all organizations such
the proposed new national foundation can
bring it under control.

President Roosevelt has dedicated his
birthday, in perpetuity, to aid the new foun-
dation. Through these annual birthday par-
ties, by helping provide the needed funds for
the national foundation.

In addition to the parties planned by the
Bulloch county committee on the birthday
night, there will be a "button week," spon-
sored by the school and the women's clubs
of the state, giving the school children a
chance to do their part.

Georgia is President Roosevelt's "second
home." It was at Warm Springs, where the
"Little White House" is located, that orna-
ment was against infantile paralysis received
its first momentum. The Warm Springs
Foundation has saved many lives and
brought new hope to hundreds of men, wo-
men and children who have contracted the
disease.

TOMORROW IS THE DAY

Tomorrow, January 15 is the dead line for
two musts:
GET YOUR CITY AUTO REGISTRA-
TION TAG.
GET YOUR DRIVERS LICENSE.
It is also the final day on which applica-
tion under the Bankhead-Jones Tenant Farm
Act may be filed.

THE TEN BEST PICTURES

In a recent poll to select the "Ten Best pic-
tures" of the year the movie critics of lead-
ing newspapers and magazines picked THE
LIFE OF EMILE ZOLA as the Number 1
movie of 1937. Next in order came THE
GOOD EARTH, CAPTAINS COURAGEOUS,
LOST HORIZON, A STAR IS BORN,
ROMEO AND JULIET, STAGE DOOR,
DEAD END, WINTERSET and THE AW-
FUL TRUTH. Number 1 actor is Paul Mu-
ni, the star of the first and second "best
pictures."

It is worthy of note that of the "Ten best
Pictures" all but STAGE DOOR and THE
AWFUL TRUTH have been shown at our
local theatre. This fact speaks well of the
management in their attempt to furnish
Statesboro and Bulloch county with worth-
while movies.

HOME RULE

There is now before the house of the Geor-
gia General Assembly, awaiting action, a
bill known as the "Burgin home rule bill."
It has been approved by the senate.

The bill is the work of Senator Joe Burgin,
of Buena Vista. It provides that strictly lo-
cal matters may be decided by the counties
themselves, thus relieving the legislature of
the tremendous burden of "local bills,"
which clutter the calendar at every session.
In reviewing the number of amendments
voted on in the general election on June
eighth of last year we find that of the
twenty-six, sixteen were of a strictly "local"
nature. Their interest was localized in the
counties and cities concerned, yet we were
supposed to vote on them.

When these "local bills" come up before
the legislature they are passed automatical-
ly when the representatives from that partic-
ular county agree and request their enact-
ment.

The passage of the "Burgin home rule
bill" would bring to each county the respon-
sibility of working out its own problems and
the administration of its own affairs, where
it properly belongs. It would result in a
great saving of time and would reduce the
confusion which now makes the legislative
burden so heavy. And there can be no doubt
that it would simplify the affairs of each
county.

ELECTRICITY ADDS TO FARM INCOME

Electricity in the far mhome means more
than just having a light by which to read.
In many farm homes where electricity has
been run, the farmers are selling more than
enough extra produce to pay the electric
bill. With an electric refrigerator, almost all
perishables are being saved for some use.

A typical case is of a new user of electri-
city in his home. His home is wired with
three convenient outlets and eight drop
cords with lights. The total cost of wiring
was about \$25. His bill the first month and
seven days was \$3.10, and only \$2.60 for
each of the second and third months. Extra
buttermilk sales alone amount to almost
twice as much as the electric bill.

This farmer's refrigerator enables him to
sell from \$16 to \$14 worth of butter, and a-
bout \$27 worth of eggs and dairy products
each month.

After this farmer's family had used the
electric lights for a while, they turned them
off one night and brought out the old kero-
sene lamps. Until then this family had not
realized that a kerosene lamp could make
such a little light.

With the coming of rural electrification
this rural citizen now enjoys all the com-
forts enjoyed by the citizens of Statesboro
and in addition he possesses all the joys of
the country which no town, no matter how
small, contains.

WHAT IS YOUR FAVORITE PASTTIME

In a recent survey made by Fortune mag-
azine it was learned that listening to the
radio is America's favorite pastime, with go-
ing to the movies a close second. Reading
came third and hunting and fishing fourth.

The favorite radio program proved to be
the Jell-o program and the favorite radio
performer Jack Benny. Charlie McCarthy
ranked tenth. Boak Carter and Lowell
Thomas came second and third. All of which
proves something.

Recently a daily newspaper attempted to
run without a society page, but soon had to
put it back in. Subscribers with children off
at school had no way of knowing when their
boys were home.

At The Churches

THE FIRST BAPTIST CHURCH
C. M. COALSON, Minister

Nathaniel Hawthorne in the classic
"Mosses from an Old Manse" tells
a great story entitled "The In-
telligence Office." A mysterious man
came to a city and set up an office
for the recovery of lost things. He
proposed to find for people "any-
thing they had lost. This office was
besieged night and day with people
seeking to recover something "which
had been lost."

Some came who wanted to recov-
er ordinary things which any of us
are likely to lose; others desired to
regain moer difficult things, more e-
cstasie and hard to be restored: One
man came seeking his lost innocence,
another was looking for the lost feel-
ing of joy in the morning. One woman
came seeking to recover a lost name.

The record book of this intelligence
office, says Hawthorne, where all
the freaks of idle hearts, aspirations
of deep hearts, desperate longings of
miserable hearts, and evil prayers of
perverted hearts, are set down, would
be curious reading were it possible to
obtain it for publication.

What a parable of life!
Now in the Bible the world's
"lost" appear often. Lost possessions
lost sheep, lost son, lost hopes, lost
faith, lost souls or lives. What hor-
rible memories! What pitiful cry-
dles, Mrs. Leff Deloach assisted

Mrs. Harrison Olliff Honored On Her Eightieth Birthday

Mrs. Harrison Olliff was signally honored on her eightieth birthday by her daughters, Mrs. A. F. Mikell, of DeLand, Fla., Mrs. E. W. Parrish, of Savannah, and Mrs. Barkey Averitt as they kept "open house" at their home of the latter on Sunday afternoon from three until five o'clock. The lovely compliment was a surprise to Mrs. Olliff.

The home was beautifully decorated with white carnations, narcissi, poinsettias and lovely pot plants, many of which were sent as tributes of love to the gracious honoree.

Guests were met at the door by Mrs. Bruce Olliff, Mrs. Inman Foy presented them to the receiving line. In the line with Mrs. Olliff were Mrs. A. F. Mikell, Mrs. E. W. Parrish, Mrs. Barkey Averitt, Mrs. E. W. Parrish and Mrs. D. P. Averitt. Mrs. Olliff received in a handsome black crepe dress embroidered in varicolored flowers. Her dainty shoulder spray was of white hydrangeas. Mrs. Frank Williams conducted the guests into the dining room. The table in the dining room presented a scene of unusual beauty, being overlaid with a handsome banquet cloth of point de Venise lace and having for its central decoration the

DANCE RECITAL TO BE AT GEORGIA THEATRE JANUARY 19
Nora Lucree will present her dance show in recital at the Georgia Theatre on Wednesday evening, January 19.

The program is made up of numbers which will be given by children from three years in age to those in their teens. Much work has gone into the preparation of the program.

The feature of the recital will be "Peeka-Boo" by the babies of the show. Others on the program are: June Kennedy, who will do "Fancy Dance"; "Miss Acrobatic" by Jan Gay; "Rumba" by Claudia Hodges; "Tap" by Sue Brannen; "Cane Dance," Bill Holloway; "Ballet," Kathryn Smith; "Over the Top," Carol J. Carier; "Baby Tap," Fay Rinor; "Rhythm Tap" Emerson Brannen; "Booster Dance," Mary Louise Atkins and Barbara Ann Atkins.

Miss Lucree's class is made up of Ann Oliver, Betty Love, Carol Gier, Kathryn Smith, Mary L. Rhimes, Betty Joe Anderson, Barbara Ann Atkins, Mary and Annie Brannen, Sue Brannen, Ann Rita Boyd, Barbara Ann Brannen, Betty Smith, Betty Hursey Brannen, James Donaldson, Emerson Brannen, Patty Banks, Mamie Prentiss, June Kennedy, Bill Holloway, Jan Gay, Carol Jean Carter, Virginia Bird, Betty Brinson, Anderson, Gloria Wallace, Jo Ann Jones, Dorothy Jean Hodges, Betty Sue Brannen, Marilyn Nevils, Virginia Lee Floyd and Olivia Boyd.

MRS. FLOYD HOSTESS TO THREE O'CLOCKS
Mrs. Waldo Floyd was hostess to the "Three O'Clocks" and other guests at her home Thursday afternoon. The rooms where four tables were arranged for bridge were lovely with arrangements of pink carnations and cyclamens. Miss Dorothy Brannen made high score for the club, and Mrs. C. M. Dettler made visitor's high. These prizes were double decks of cards. Miss Martha Donaldson won cut and received two crystal ash trays.

The hostess served chicken salad and olive sandwiches, charlotte russe macaroons and coffee at the conclusion of the games.

SIXTEENTH BIRTHDAY OBSERVED WITH OPEN HOUSE
Miss Maxann Foy greeted her friends informally on Sunday evening at her home on Savannah Avenue, as they called to wish her many happy returns of the day—the day marking her sixteenth birthday. The beautifully decorated birthday cake with candles gleaming was in the center of the pretty tea table. Her callers were served sandwiches, hot chocolate, and individual cakes.

Mr. and Mrs. E. W. Barbee of San Angelo, Texas, arrived Saturday for a visit with relatives.

three-branched silver candelabra holding slim green tapers. Compotes of white and green mints emphasized the color motif adhered to in other appointments.

Mrs. W. H. Ellis was assisted in the dining room by Mrs. Henry Ellis and Mrs. Lewis Ellis. Those serving were Miss Maxann Foy, Miss Margaret Remington, and Miss Martha Wigham Simmons. The callers were served mints, nuts, ice cream and individual cakes. Mrs. J. E. Donohoe and Mrs. W. T. Smith poured tea. A program beautifully rendered by Mrs. E. L. Branes, Mrs. Roger Holland and Mrs. Percy Averitt added much to the pleasure of the guests.

Mrs. Olliff before her marriage in 1874 was Miss Clifford Ann Wagon. She and her husband, the late Harrison Olliff came to Statesboro forty-five years ago, at which time he was clerk of the Court in Bulloch County. Mrs. Olliff died Oct. 22, 1920, at 69 years of age. Mrs. Olliff has since made her home with her youngest daughter, Mrs. Barkey Averitt. The many guests who called at the home on her birthday is a convincing testimony of the high esteem in which she is held.

all's fair

When Lillie, Kittle and Jessie entertain for Mama, they do things up right. No bride's tea was prettier than the lovely open house Sunday afternoon, and Clifford Olliff was deader and sweeter than when her mother, and her responses to congratulations on having achieved her 80th, birthday were sincere and unfeigned, though about one hundred and forty people called. It would have been a complete surprise to her had not little Hal Averitt caught her by the hand in the early afternoon and said, "Come, Grandma, and let me show you your pretty cake." And he led her through the back for the other doors were locked. He's Grandma's constant companion and he didn't want anybody to pull anything over on her.

What Of 1938
(By Lee S. Trimble, Macon.)
Prophecy is a dangerous business because if well done, nobody remembers it, and if wrong everybody recalls the error. People of all ages having been trying to glimpse the future and many a fortune-teller makes a good living pretending to forecast events.

But there is a basis for forecasting that is dependable to remarkable degree. "The best of prophets of the future is the past." Right now the Nation's future is being molded by the composite behavior of all its people. The same rule applies to the individual to an uncanny extent. Try translated into action.

What Of 1938
(By Lee S. Trimble, Macon.)
Prophecy is a dangerous business because if well done, nobody remembers it, and if wrong everybody recalls the error. People of all ages having been trying to glimpse the future and many a fortune-teller makes a good living pretending to forecast events.

But there is a basis for forecasting that is dependable to remarkable degree. "The best of prophets of the future is the past." Right now the Nation's future is being molded by the composite behavior of all its people. The same rule applies to the individual to an uncanny extent. Try translated into action.

Why Buy Wisconsin Butter?

(The Lavonia Times.)
Wisconsin, through a prohibitive 15c tax, has practically outlawed margarine, a product of peanuts and cotton seed. The tax was placed on margarine not through a dislike for the product but to encourage consumption of their own home produced butter. Wisconsin is a great state for dairy products and the Georgia products were practically outlawed to avoid competition with a product produced out of the state.

But a sign has been placed on Kennesaw Mountain near Marietta advertising Wisconsin butter for Georgians. The sign is a mammoth of fat. In the middle is a picture of a package of butter. Above are the words "Ask for Wisconsin Creamery Butter."

We are carrying this editorial at county publicity. As long as Wisconsin outlaws Georgia products, Georgia should outlaw Wisconsin butter, and other Wisconsin products. Why should we buy butter from Wisconsin anyhow? There is no reason except a lack of resourcefulness in capitalizing on our own resources.

There is a cancer, more healthful, purer product grown than cotton seed oil. Wisconsin knows that. But adding cottonseed oil and peanut oil to butter cheapens the price for the consumer. Wisconsin doesn't want this competition in a cheaper product even if it is as good. Hence the prohibitive tax on margarine.

As you love the prosperity of the cotton and peanut farmers you should consume their products as much as possible. In buying Wisconsin butter you not only patronize a state that doesn't encourage cotton seed oil and peanut products but places a prohibitive tax on their use. In face of this we are informed that representatives from Wisconsin are planning a Good Will tour through the South next March. What are we going to do about it? Treat them with courtesy of course, but the good will tourists may also be reminded that good will is a game that two can play. Why come down to the South and expect to encourage our friendly relations when they have already placed a tax on some Georgia products which will make their use in Wisconsin prohibitive. Yes, treat them nicely, but tell them at the same time to take their Wisconsin butter and carry it back home with them for we are through with it. We believe in being nice to our visitors but not too all-fired to people who treat our products in such a manner.

You city readers, and we have many in the cities, pass up Wisconsin butter and tell your neighbors about it. Tell your grocer why you are passing it up. Buy right now this ban as regretful for the manner in which they treat a perfectly good Georgia product and a product on which so much of our income depends.

The late depression while caused by many contributing elements, was aggravated and extended by errors of judgment in piling up more debts than could be carried. Individuals, businesses, cities, counties, states and nations went too far. We can see it now. The painful process of discharging this load down to an endurable point, took time and toll out of the lives of men, which could have been better spent.

For three years past business has crept up out of that experience, reviving hopes of recovery, then lost much of that gain in the last three months. Under these conditions, what can be expected in 1938? All the elements of confidence, Policies and business ran separate courses until recent years. For reasons that can be understood, they have become parallel, if not merged. Every phase of business has now become subject to legislative action or control.

Not only in Georgia, but the Nation over, all business marks time waiting to see what new laws are to do to it. Judgment in business affairs has been suspended, replaced by fear, doubt and suspicion of politics. Josh Billings once said that often a good set of bowels were more service to a man than brains.

This is a period when courage, co-operation and tolerance are great assets. One rule that has always worked is, to act when the multitude hesitates, but when the majority is selling, and sell when others are buying. "I wish I had," will be a common saying in a year or so. Strong faith in this country has always paid when translated into action.

Good feeding practices and care for pigs will give a farmer about three litters per year for market during a fifteen month period, declares Paul Groover. From three sows Mr. Groover moves around 22 to 28 pigs every few months.

Miss Ida Hagin finds that extra productive days work can be put in during the winter months by farm labor in cleaning up fence rows and ditch banks.

Purchased pigs in the livestock enterprise gives the farmer a double chance to make money for mths. per cent. Chalmers Franklin finds that he can sell quite a few pigs as breeding stock at a premium before he starts feeding them for market and then if they are not all sold off they still can be marketed along with the cross-bred stock when finished out. The blooded pigs always make tops in some six or seven months.

Good blooded cattle is necessary in a diversified farm program, thinks Jove Allen. Cattle will market some fees that other classes of livestock cannot and if they are good blooded

One Of Bulloch's Oldest Men Dies

Mr. Dan Aldeman one of Bulloch county's oldest citizens died in Savannah Sunday night at the home of his daughter, Mrs. W. H. Reed, of a heart attack.

Mr. Aldeman was a former citizen of Brooklet. He was a member of the Middleground Primitive Baptist Church about four miles south of Statesboro. Mr. Aldeman was known over the county as "Uncle Dan." He was very active in his church.

He died at the age of 88 and except for the last few months remained active. He was a great walker taking long walks which helped to keep him in good physical condition. He loved to visit among his friends and the members of his church. He was well versed in the knowledge of the bible and could talk for hours on the subject of religion.

The funeral was held at the Primitive Baptist church at Brooklet, on Monday afternoon. Elder R. H. Kennedy, pastor of Middleground church officiated.

Besides his daughter, Mrs. W. H. Reed, he is survived by one son, I. J. Aldeman of near Brooklet; four other daughters, Mrs. S. P. James Waycross; Mrs. Robert Murray, Savannah; Miss Maxine Waycross, Savannah; and Mrs. Shelly Burgstener, of Guyton, and a number of nieces and nephews of Bulloch county. Burial was at the Brooklet cemetery.

Prominent Citizen Dies At Age Of 60

John B. Smith, aged 60, prominent Bulloch county farmer died at his home near here Sunday after a short illness. Funeral services were held Tuesday afternoon at Middleground Primitive Baptist Church with Elder R. H. Kennedy in charge of the services. Burial was in the church cemetery.

Mr. Smith was one of the county's best known citizens. He is survived by two daughters, Helen Smith and Mary Lee Smith of Statesboro; five sons, Emory Smith of Princeton, Fla.; Roger L. Smith of Dublin; Robert Smith of Homestead, Fla.; Joe Smith of Statesboro; three brothers, Ben C. Smith of Dublin, Harry Smith of Bristol, and Harry Smith of Cloy; six sisters, Mrs. J. C. DeYoung, Mrs. J. B. Jaudon, Mrs. Rancy Gill, all of Savannah; Mrs. Ito Mercer and Mrs. Tom Mercer, both of Cloy; and an aunt, Mrs. Ella Bland of Brooklet.

The active pallbearers were Otis Groover, Hamp Clanton, Ben Smith, M. M. Rushing, Lester Martin and Willie Hodges. Honorary pallbearers were Jern Martin, Hiram Kennedy, Jim Warnock, Sam Johnson, Dan Bland and H. R. Williams.

Blue Devils Whip Brooklet Quintet In "Block and Tackle" Cage Game

Will Play Savannah High Tonight In Armory At 7:30; Metter Saturday Night

Last Wednesday night Statesboro defeated Brooklet for the second straight time in a return game with them here. The two teams played a good brand of football, considering the fact that they played on a hard-wood floor and without the usual football regalia. The teams showed excellent blocking and tackling skill. The pile-ups were rather mild due to the fact of a fast whistle.

The Blue Devils completely outplayed Brooklet. Their defense was much tighter and their shooting completely over-shadowed that of Brooklet's. Although Thomas Hill and Buie of Brooklet were breaking up a good many passes that the Blue Devils were throwing.

John Smith, playing superbly throughout the entire game until he was put out on fouls, was the spark plug of the Statesboro squad. Smith repeatedly sank long shots and time and after time was snatching the ball away from the Brooklet boys' hands. He was high point man with three field goals and one foul.

Both teams' defense were much better than their offense. Brooklet tried to break in towards the goal consistently, but Statesboro was always there to stop them. In the first half Statesboro, resulted in shooting long shots and with John Smith and Short Kenyon doing most of the shooting, gained a comfortable lead at the half.

But in the second half the offense changed. Statesboro began breaking in towards the goal with Robert Hodges and Emerson Anderson breaking in the clear, under the basket several times, the Federick "Drake" Howley could not find the basket in the first half but in the second half he found the ring and was backing up shots consistently. This was the second time that Statesboro has defeated Brooklet this season. The fact that Brooklet always has a first class basketball squad and that Statesboro has already defeated them twice should be enough evidence to the fans that Statesboro has one of the best basketball teams in this section.

SAVANNAH TONIGHT
The Statesboro Blue Devils will step in deep water tonight when they take the hardwood floor against the Savannah High School Varsity basketball team. There can be no predictions as to the outcome of the game for it is rather hard to

STATESBORO TO PLAY

METTER HIGH SCHOOL
Next Friday night, January 14, Statesboro High School will resume their athletic activities with Metter High School. It has been several years since these two schools have met in athletic competition. It is certain that this game will be one of the best during the season and that none of the basketball fans of Statesboro will miss this game. It is rumored that Metter has a first class team and they are going to give the Blue Devils championship dreams a good pinch. There will be two games with playing time scheduled for 7:30 p. m.

Silton High School will send its Basketball team to Statesboro next Wednesday night to play the Blue Devils. To date the Blue Devils have lost only two games, one to the Statesboro A. C. and the other to Register. They have won ten games.

YOUNG FARMERS CLUB TO HOLD JANUARY MEETING SATURDAY
The young farmers club organized recently in the county will hold its January meeting Saturday at 2 p. m. Joe Hodges, president of the club, announced.

Since the major objective of this some 50 young Bulloch county farmers is to own a home, the program for Saturday will be a discussion of the Bankhead-Jones tenant purchase program that is getting into operation in the county this year. N. R. Bennett, local farm supervisor, will discuss the bill with the club.

These young farmers have practically all filled an application for one of the farms to be purchased under the new program. However, those that have not filed an application will be given a chance to do so at the meeting. January 15 is the final date for filing these applications.

Is It Worth A Nickel?

If every person in Georgia contributed one five-cent piece to the National Foundation for Fighting Infantile Paralysis, this state's quota would be filled in full. The quota has been set to be raised on January 29, President Roosevelt's birthday. There will be parties and entertainments all over the state on that day, with all proceeds going to the fund. The Georgia Committee for the Celebration of the President's Birthday is directing the campaign in this state.

The money raised during the President's Birthday celebration, all over the country, will all go to the new national foundation, with the hope and belief that sufficient funds will be raised to properly educate and to assure continuance of its important work against the dread disease of infantile paralysis.

The Foundation program has been broadly divided under four divisions. The first is concerned with scientific research, with the hope of discovering preventative and cure for the disease which has, so far, proved one of the most puzzling problems in the history of medical science.

The second effort of the new foundation will be by rendering aid to all communities where the disease appears, with the purpose of checking its spread before it reaches epidemic proportions.

Thirdly, the foundation will see that proper treatment and care is provided for all sufferers from the disease. The fourth purpose is to furnish money to maintain orthopedic centers, hospitals and clinics which are striving to restore health and strength to paralyzed victims.

It is estimated that there are today 600,000 victims of infantile paralysis in the United States, and crippled, for many years, for life. This number

SHAVING MUGS.

Joe dropped Mr. Raines' mug and broke the handle. Joe paid Mr. Raines the purchase price and became its owner. Joe still uses it. It shows a scene in a hardware store. Mr. Raines' business at that time. W. G. Raines is written in large gold letters on the mug and once proudly stood in its place with 34 other cups.

One other mug has been discovered. Mr. Frank Grimes has and will use his. It pictures a railway locomotive with tender, which might have been one of the old S. & S. engines. Mr. Grimes stated that he bought his mug about the time the Savannah and Statesboro railroad was built.

When asked if he could name the owners of the other mugs, Gus stated that it's been so long that he can't remember all of them. However he did name several. Besides Mr. Raines and Mr. Grimes Gus stated that Dr. R. J. Kennedy, Dr. A. W. Quattlebaum, W. L. Hall (who operated the old Hall Hotel which stood where the Bank of Statesboro building now stands), Dr. L. J. McLean, Dr. J. C. White, and Dr. M. M. Holland.

In talking to some of these who did have mugs with Gus they recalled men who, they felt sure, had mugs also. Those mentioned were: W. H. Ellis, W. T. Smith, J. A. McDonald, W. H. Simmons, H. B. Davis, J. W. Wilson, J. G. Blitch, John Olliff, Henry Olliff and Edith Anderson. All of those named are deceased.

There seems to be no records of how and when shaving mugs were first used. Two encyclopedias fail to reveal any information on their origin. During the middle ages the Romans smoothed down their faces with pumice stone and oil. This mixture may have been the basis of shaving soap, although the use of a special soap as a part of the paraphernalia of shaving is comparatively modern.

And with the advent of the electric razor the era of shaving mugs in all their glory, stacked row on row against the walls of Gus' miscellaneous shop seems a far way.

Surprise was expressed by a number of the Rotary club when they saw the completeness of the equipment in the hospital. They were told that there is no hospital in this section of the county so well equipped as the one here in Statesboro. Every piece of equipment is the very best of its type and is such that it meets every emergency that might arise in a modern hospital.

Miss Zittrover was praised highly for the efficient manner in which the hospital is being operated.

Before the meeting was turned over to the chairman of the program committee, President S. W. Lewis congratulated the club on its excellent attendance record for the last month, announcing that the Statesboro club was second high in the state. He also read a letter from past district governor, Joel C. Harris, Jr., commending the club on its fine record.

The text of the second amendment of the United States Constitution reads: "A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

Monday night the Statesboro Rotary club held its regular weekly meeting at the Bulloch County Hospital with Miss Naomi Zittrover, superintendent of the hospital as the hostess.

Meeting with the Rotary club were the members of the board of managers of the hospital. This board is made up of Dr. A. Temple, Delmas Rushing, J. L. Johnson, Ulmer Knight and D. Percy Averitt.

Z. S. Henderson, chairman of the program committee for the club, introduced Mr. Fred W. Hodges, chairman of the county commissioners, who gave a brief history of the hospital from the time it was conceived until its completion. Each member of the board of managers was introduced to the club.

Dr. A. J. Mooney as president of the hospital staff, told the members of the Rotary club of the staff's ambition to have the Bulloch County Hospital placed on the list of approved hospitals which would mean that it would be recognized over the entire United States.

At the completion of the meeting Miss Zittrover conducted the members of the club on a tour of the hospital showing them just what the people of Bulloch have.

Surprise was expressed by a number of the Rotary club when they saw the completeness of the equipment in the hospital. They were told that there is no hospital in this section of the county so well equipped as the one here in Statesboro. According to announcement by Major Phil Broderick, commissioner of public safety, time for obtaining drivers' licenses without examination has been extended to February 1 following legislative approval of a resolution asking that the deadline be postponed two weeks.

Legislators said many thousands of persons in the state have not yet obtained their licenses and that it was the wish of the administration for all to get the licenses without the necessity of taking a driver's examination.

Rotary Club Has Weekly Meeting At County Hospital

COUNTY BOARD OF MANAGERS AND COUNTY COMMISSIONERS CHAIRMAN GUESTS OF CLUB; PRAISE MISS ZITTROVER.

Monday night the Statesboro Rotary club held its regular weekly meeting at the Bulloch County Hospital with Miss Naomi Zittrover, superintendent of the hospital as the hostess.

Meeting with the Rotary club were the members of the board of managers of the hospital. This board is made up of Dr. A. Temple, Delmas Rushing, J. L. Johnson, Ulmer Knight and D. Percy Averitt.

Z. S. Henderson, chairman of the program committee for the club, introduced Mr. Fred W. Hodges, chairman of the county commissioners, who gave a brief history of the hospital from the time it was conceived until its completion. Each member of the board of managers was introduced to the club.

Dr. A. J. Mooney as president of the hospital staff, told the members of the Rotary club of the staff's ambition to have the Bulloch County Hospital placed on the list of approved hospitals which would mean that it would be recognized over the entire United States.

At the completion of the meeting Miss Zittrover conducted the members of the club on a tour of the hospital showing them just what the people of Bulloch have.

Surprise was expressed by a number of the Rotary club when they saw the completeness of the equipment in the hospital. They were told that there is no hospital in this section of the county so well equipped as the one here in Statesboro. Every piece of equipment is the very best of its type and is such that it meets every emergency that might arise in a modern hospital.

Miss Zittrover was praised highly for the efficient manner in which the hospital is being operated.

Before the meeting was turned over to the chairman of the program committee, President S. W. Lewis congratulated the club on its excellent attendance record for the last month, announcing that the Statesboro club was second high in the state. He also read a letter from past district governor, Joel C. Harris, Jr., commending the club on its fine record.

Dr. Byrd Daniels of Claxton was a guest of the club.

According to announcement by Major Phil Broderick, commissioner of public safety, time for obtaining drivers' licenses without examination has been extended to February 1 following legislative approval of a resolution asking that the deadline be postponed two weeks.

Legislators said many thousands of persons in the state have not yet obtained their licenses and that it was the wish of the administration for all to get the licenses without the necessity of taking a driver's examination.

Athletic Plans Are Talked For First District Schools

NEW PLAN PROPOSED TO DETERMINE TEAMS TO PARTICIPATE IN DISTRICT CHAMPIONSHIP PLAYOFF.

Last Saturday morning the First District High School Association met at the Statesboro High School to discuss the plans and problems of athletics in the first district. Thirty-nine of the forty-four schools in the First District were represented.

Shed's for the District basketball tournaments and a proposed plan for the determination of the District football championship were discussed.

At this meeting it was decided that the finals for the boys' division of the basketball championship tournaments will be held in Statesboro on February 24, 25 and 26. The finals for the girls' division will be held at Atlanta, Georgia, on March 10, 11 and 12. This includes the entire district with both B and C divisions playing.

The preliminaries for the boys for the eastern section of the District will be held at Brooklet on February 17, 18, and 19. The girls' preliminaries will be held in Hinesville, Georgia, on March 3, 4, and 5.

The western section preliminaries for the boys will be held in Metter on February 17, 18, and 19. The girls' preliminaries will be played in Collins, Georgia, on March 3, 4, and 5.

Hretofore the girls' division of the tournaments has not been divided as was the boys'. This year will see the girls' division divided into a B division and a C division.

A proposed plan was considered by the members of the Association on how to determine the two teams that will be eligible for the playoff in the District Championship in football. The old plan has caused considerable discontent and heated arguments in the past and the coaches and officials of the schools in the district wish to see a change which will work more effectively to eliminate this.

The proposed plan embraces the following points: The plan will require every team to play at least half of the other teams within the district. For example: a present there are two teams in the district. If these Statesboro should play four of these teams and wins all four, and Millen should play five of the twelve teams and is defeated by one of them, then Millen becomes eligible to participate in the playoff rather than Statesboro since Statesboro failed to play half of the teams in the district. The same would be true of any team playing any other of the

Bulloch County Commissioners Are Compiling Achievements For 1937

Hope To Win One Of 13 Cash Awards Being Offered In Atlanta Constitution's \$7,500 Progressive Government Awards

JUDGES ARE ANNOUNCED

Civic minded Bulloch continues compiling achievements of Bulloch county for which it and 12 other counties in the state hope to win state and national recognition and free county improvements in The Atlanta Constitution's \$7,500 Progressive Government Awards Competition.

Mr. Fred W. Hodges, chairman of the county board of commissioners this week received forms for filling Bulloch's application for consideration of the judges. He, together with a number of others are considering the various advancements made by the county in its government, and steps made by the county which have been taken for the benefit of its citizens.

Word has been received from The Atlanta Constitution that more than 100 counties of the state are already preparing their applications for submission to The Constitution before midnight January 25.

On December 27 of 1936 The Constitution announced its \$7,500 Progressive Government Awards for 1937. The cash awards are offered to the 13 Georgia counties making the greatest improvements in their government for the year 1937. The purpose of the awards is to extend and intensify progress in better government, to stimulate state-wide interest on the part of the public in governmental affairs and to give recognition to improvements in county governmental conditions in the state's 159 counties.

According to the plans for the awards 13 counties will share the prizes. The first award will be \$3,500; second, \$1,000; third, \$500, and in addition there will be a \$250 award to a county in each of the state's 10 congressional districts.

Sole basis for the competition is improvement in county government bringing the greatest benefits to the citizens of the county for 1937, and no matter how small a county or how modest its income, every county is on an equal footing.

In addition to receiving the cash awards, winning counties will get state-wide and national advertising for having the best governments in Georgia for the year 1937.

Backed by civic organization, leading citizens and county officials, the commissioners are busy compiling lists of accomplishments of their governments.

Ground Is Broken For New Buildings S. G. T. C. Campus

REGENT JOHN KENNEDY TURNS FIRST SPADE OF DIRT ON THE SITES OF THE NEW LIBRARY AND TRAINING SCHOOL.

Formal exercises were held on the campus of the South Georgia Teachers College Monday morning as construction was begun on two new buildings, making a total of four projects now underway on the college campus, total approximately \$185,000.

With Regent John G. Kennedy of Savannah, representing Chancellor S. V. Sanford and the Board of Regents, the first program was held on the site of the new library building which will be constructed by the Walter Aldred Company for \$31,000.00. Regent Kennedy turned the first spadeful of dirt after making brief address on the physical growth of the college and explaining the efforts of the Board of Regents in obtaining the new buildings. Miss Eleanor Ray, college librarian, represented the faculty at the exercises. Willard Carpenter, president of the student body, represented the students. S. W. Lewis of Statesboro represented the local citizens, and F. T. Lanier of Statesboro represented the citizens of Georgia. The program was concluded with the singing of the Alma Mater.

From the library site the procession composed of Regent Kennedy, President Marvin S. Pittman, members of the college, members of the faculty, students of the college, and the training school students, followed the college band to the proposed site of the new \$80,000 teacher training building. Joe Beutell of Thomasville, is the contractor of the training school, Regent Kennedy, again turned the first spadeful. He was followed by W. L. Downs, director of teacher training, representing the faculty, Pinner Kemp, representing the training school students, H. P. Womack, Bulloch County School Superintendent, representing the local citizens, and J. E. McCran, representing the people of Georgia. President Pittman presided at both exercises and at the conclusion handed the spade to the contractor in charge of the work. The morning program was concluded with the entire group singing "America."

Work is already underway on two projects on the college campus, a residence hall for women costing \$60,000 which was begun before Christmas, and a waterworks system costing \$15,000.00. With the work which was begun Monday added the total amount of construction on the four projects runs to approximately \$185,000.00. These buildings were made possible through the cooperation of the State of Georgia and the

Bulloch Leads State With Most Hogs For 1937

SHOWS 50,000 HOGS AND 20,000 HEAD OF CATTLE IN COUNTY. PREDICTS 40,000 ACRES FOR COTTON IN 1938.

The annual report made by Bryon Dyer, county agent, shows that Bulloch county can claim the leadership in diversification in the state.

Highlights of the report include a hog and cattle census showing 50,000 hogs and 20,000 head of cattle in the county today, despite the sale of more than 30,000 hogs and 2,500 head of cattle during the past year.

Mr. Dyer's predictions for 1938, based on a county-wide survey, indicated approximately 40,000 acres will be planted to cotton this year, a reduction of 5,000 acres from the 1937 total.

2,000,000 POUNDS OF TOBACCO
The 1937 annual report shows that 45,000 acres were planted in cotton, 2,000,000 pounds of tobacco were made, 2,000 acres of sweet potatoes were planted, 3,000 acres of soybeans, 200 acres of sweet potatoes planted for the market, 1,500 acres were planted in commercial vegetables, 500 acres of corn, besides the other crops such as sugar cane, watermelons, strawberries and pears. 150 farmers planted peanuts for the market.

There are 427,500 acres in Bulloch county with 3,293 farms. The average farm contains 108 acres with about 40 acres in cultivation. The report discloses that though tractors are fast taking the place of mules in the county, there are still 5,000 mules in Bulloch.

About 25,000 acres in the county have been put into permanent pastures and the county agent is working on a program which calls for 75,000 acres for permanent pastures. During the past year 15,000 acres were set out in pine seedlings. The report shows that 25 farmers sold pulp wood and that about 300 long cords were cut. Over 800 trees and shrubs were planted on school campuses and community centers.

4-H CLUB WORK
The report of the 4-H Club work was an item in the report. Of 984 boys starting out on projects 920 finished. Beef cattle projects cleared more money than any other 4-H club project, with 354 animals selling for \$32,000.

There are 12 4-H Clubs actively operating. The plans for Bulloch county for 1938 indicate that there will be 40,000 acres of cotton and 5,000 acres of tobacco, planted. There will be 45,000 pigs, 22,000 beef cattle, and 5,000 dairy cattle as the big crops along with the many other cash crops and the crops grown for home use.

E. L. Donaldson, Bulloch County Farmer Dies
The funeral of E. L. Donaldson, Bulloch county farmer, who died in Savannah hospital Saturday morning after a brief illness, took place at 1 o'clock Sunday afternoon from the Statesboro residence, 818 East Thirty-fourth street, and at 3 o'clock at the Red Hill cemetery near Pembroke. Burial was held at the church cemetery.

Mr. Donaldson was a native of Bulloch county, and for many years operated a farm near Neville. He came to Savannah to undergo treatment for his fatal illness.

Honorary pallbearers were Dr. C. E. Stapleton, Allen Proctor, J. E. Futch, Olin Nesmith and A. L. Davis.
